SERVE FOURTH  
Celebration Is  
Arranged.**

That Has Ever  
Place in History  
of City.

of the Smelter Town Have  
to Entertain Thou-  
sands of People.

to have the greatest cele-  
bration since the coming of  
the Independence day  
celebration in the history  
of the city. It will be the  
first time that the place  
will be so crowded. In all  
the years since the cele-  
bration of the city's  
centennial, there have been  
few outside of the city  
who have been so young and  
the natives of Murray of the  
celebration day.

It will be different. The con-  
gregation of that place  
will be toward the success of  
the celebration. It will be  
any city of its size in the  
year. There are many men  
who will be there for their  
part when it comes to hand-  
ling the money. It is a  
great sum of \$100,000 just  
to the celebration. It is a  
great sum of interest, not  
to the city at large, but in the  
celebration and its inhabitants.

**Failure Assumes  
Great Proportions**

**Liabilities of Chicago Big Brokerage  
Firm Approximate Three Millions,  
With Assets Uncertain.**

CHICAGO, June 28.—The failure of the  
grain and stock brokerage firm of  
Knight, Donnelly & Co., which occurred  
several days ago, has assumed gigantic  
proportions. Although Receiver Potter  
has not yet finished examination of the  
books of the concern, enough was  
learned today to approximate the liabil-  
ities. They will aggregate not far from  
\$3,000,000. The assets may run up to  
\$2,500,000, although these may dwindle  
considerably owing to the character of  
the loans made by the firm.

**Assets of Uncertain Quantity.**

The assets are made up largely of  
stocks, many of them not listed. Some  
are securities in promoting schemes, such  
as gas companies in small towns, which  
the firm undertook to float. Considerable  
of the liabilities are notes of hand, for  
money borrowed from friends and busi-  
ness associates. These notes of hand  
may aggregate \$500,000.

**Discovered at Creditors' Meeting.**

The magnitude of the failure was dis-  
covered at a meeting of the bank  
creditors today. Upon comparison of the  
bank accounts the total was found to far  
exceed all previous estimates. The failure  
was precipitated by speculative opera-  
tions. The character of many of the  
securities held was such that quick real-  
ization was impossible. In consequence  
of that fact there is expected to be a re-  
markable shrinkage.

**Senior Partner Surprised.**

Newell C. Knight, the senior partner  
of the firm, returned from Colorado to-  
day, and was closeted with the receiver  
and the creditors' attorneys. A contin-  
uous string of persons called to see Mr.  
Knight, creditors, friends and others, but  
he denied himself to all, saying it was  
impossible to make any statement ex-  
cept that the failure had come as a com-  
plete surprise, and that he could not talk  
about it until he had examined the books  
and accounts.

**DETENTION HOME  
FOR BOYS NEEDED**

**This Is Felt Keenly by  
Judge Brown.**

**Four Cases in Juvenile Court  
Yesterday Disclosed  
This Fact.**

**No Place Except Jail or Industrial  
School to Care for Boys With  
Moving Fever.**

The need of a detention home for boys  
was felt keenly by Judge Brown and the  
police officers last night. Yesterday af-  
ternoon a boy was brought before Judge  
Brown on the charge that he has the  
"moving fever." He has a step-father  
and there were but two things to do with  
him: send him to jail or to the industrial  
school. Instead of either of these, Judge  
Brown had him taken care of over night  
at a hotel.

**Court Held at Night.**

A like fate awaited another boy. The  
officers called upon Judge Brown to handle  
the boy at 9 o'clock last night. It  
was a case of hold court or hold the boy  
in jail. Court was held and it was  
found that the boy should be kept in a  
detention home for thirty days if such a  
thing existed, but that the jail or the in-  
dustrial school were measures too strong.

**Need of Home Demonstrated.**

Two more boys were the cause of a  
court session at 10 o'clock at night.  
These boys were sent home because of  
lack of place to keep them, but will ap-  
pear in court again.

Under present conditions there is no  
home in which to detain boys over night  
until court can convene next day, and  
they must either go to jail or court  
must be held for each individual case  
whenever it happens to be discovered.

**Heney Severely  
Arraigns Mitchell**

**Accuses Him of Causing Perjury of  
Tanners and Trying to Suborn  
Secretary.**

**Arguments Consume Time.**

Today was consumed by District At-  
torney Heney in finishing his argument for  
the prosecution, and when he completed  
it court was adjourned till tomorrow.  
Judge Bennett will commence to speak in  
behalf of Senator Mitchell tomorrow  
morning, and will be followed by Sen-  
ator Thurston. Mr. Heney will then make  
his final argument.

If time remains, Judge De Haven will  
give his charge tomorrow. This, how-  
ever, seems very unlikely, unless the  
lawyers for the defense consume much  
less time than it is believed they will.

**Traces Firm's Transactions.**

Mr. Heney in his argument traced the  
transactions of the firm in relation to  
land matters from the time the Senator  
asked for a copy of the firm's books, cov-  
ering the period from November, 1901, un-  
til June, 1902. His arraignment of the  
defendant for having been the cause of the  
perjury of Judge Tanner and his son, and  
for his attempt to suborn his pri-  
vate secretary, Harry Robertson, to tes-  
tify in accordance with the false defense  
outlined, was merited, and caused the  
face of the defendant to flame and pale  
with passion.

**HUSBAND WINS ON RACES.**

**And Wife Refuses to Accept Any of  
His Money.**

NEW YORK, June 28.—A new angle  
has been given to the discussion of  
"tainted money" by Mrs. William Con-  
nell of Staten Island. Before Supreme  
Court Justice Kelly in Brooklyn in re-  
sponse to habeas corpus proceedings  
brought by the husband, who wished  
to obtain the custody of his children,  
Mrs. Connell declared she would never  
live with her spouse so long as he con-  
tinued to obtain money, as she put it,  
by gambling.

Her husband was a good man and  
won heavily at the race track, she said;  
but it was against her religious train-  
ing to use funds so obtained, and al-  
though Connell left large sums lying  
about on tables and drawers for her  
she refused to touch it and had re-  
turned to her parents, taking along the  
children.

Justice Kelly advised the woman to  
return to her husband, the latter hav-  
ing declared to the court that he was  
in receipt of a regular income, but the  
woman refused, and the writ was finally  
dismissed.

**WANTS A LIGHT PLANT.**

**Weiser Figures With the Swan Falls  
Company.**

Special to The Tribune.

WEISER, Ida., June 28.—The City Coun-  
cil met in special session tonight to dis-  
cuss the question of contracting with the  
Swan Falls Electric Power company for  
power and lights for the city. A repre-  
sentative of the company was here a  
short time since to investigate conditions  
and ascertain whether it would be feasi-  
ble to run lines from Swan Falls to the  
city and report to the head office at  
Pittsburg, Pa. His report was favorable  
and a representative of the company will  
be here in a day or two to contract with  
the city for power. Weiser owns a light  
plant which is operated by steam and is  
looking for cheaper power.

**RECONVENE CONVENTION.**

**Pennsylvania Democrats Appear to  
Have Fusion in Mind.**

HARRISBURG, Pa., June 28.—The  
Democratic State committee met today  
and unanimously decided to reconvene  
the recent State convention in Harris-  
burg on August 15, for the nomination of  
a candidate for Justice of the Supreme  
court. No mention was made of the  
proposition which has been advocated  
by prominent Democrats to have the  
convention endorse Judge John Stewart  
of Chambersburg, the Republican candi-  
date for Supreme Court Judge, or effect  
fusion with the Independent or reform  
elements on State Treasurer.
